

BIOTECH-GO Certificate

ERASMUS + Project 2016-1-BG01-KA202-023686

**Blended Learning in Bioinformatics - The SMEs Instrument for Biotech
Innovations**

BIOTECH-GO

PTM “Health Bioinformatics”

Profile of knowledge, skills and competences

On completion of the education/training pathway, the holder of the certificate is able to demonstrate:

Knowledge & Skills:

- Know and understand basic principles of translational bioinformatics
- Apply translational genomics in clinical care (patients’ diagnostic and treatment processes)
- Implement bioinformatics knowledge in pharmacogenomic studies
- Use omics studies in drugs discovery and repurposing experiments
- Understand and apply principles of personalized genetic testing methodology
- Operate with digital health data and perform computational health studies

Responsibility & Autonomy:

- Apply time and project management techniques;
- Show independence, self-motivation, curiosity and dedication;
- Synthesize information and compare results;
- Communicate scientific concepts and data;
- Express analytical reasoning and scientific creativity;
- Perform collaborative tasks and networking..

Official basis of the certificate	
Name and status of the body awarding the certificate	<p>Grading scale / Pass requirements</p> <ul style="list-style-type: none"> • On-line examination • Final grade out of 100. The full scale is used • Minimum passing grade to obtain the certificate: 60/ 100 • A final grade of 100/100 cum laude can also be obtained.
Level of the certificate	International agreements
EQF Level 6	
Credit points awarded	
1.5	
Access to next level of education/training	
EQF 7 /MSc degree programmes/
